

## BAP Report

There were BAP entries from 5 different members in the November auction. **Kathy Muraca** led the way with 4 submissions, including *Apistogramma alacrina* and *Apistogramma diplotaenia*. **Ed Nieves** chipped in with 2 species that included the Black Prince goodeid, *Characodon audax*. Yours truly added two entries, among them the Dwarf rainbowfish *Melanotaenia macullochi*. **George Savapoulas** entered Daisy's rice fish, *Oryzias woworae*, and PA's **Tom Gillooly** submitted the Glass headstander *Charax gibbosus*. Last but not least, Joe Jaskot brought his first BAP entry in quite a while, *Betta rubra*.

The lone BAP contributor to the January auction was veteran **George Savapoulas**. George submitted 4 entries that included 2 CARES cichlids, *Coptodon bakossiorum* and *Rocio spinosissima*. Keep those entries coming!
