Robert Sr Gill	185	Denis Vardaro	10
Richard Wade	180	Thomas Comollo	5

\* = Rookie (first year in BAP)

## BAP Report

The BAP activity really picked up in September, with 6 different members contributing a total of 15 entries to the monthly auction.

Leading the way with the output of his summer tubs was **Ted Coletti**. Ted's 5 BAP submissions included the CARES species *Rhadinocentrus ornatus*, the Ornate rainbow. **Kathy Muraca** was next with 4 entries, among them the Green laser Cory, *Corydoras CW009*.

Veteran **Roy Allen** brought in two species, including the rainbowfish *Chilatherina Alleni* Wapoga. **Ed Nieves** also had two entries that included *Betta mahachaiensis*, the Blue dream Betta. Ed's submissions brought him to the 150 point level and earned him the title of **Advanced Breeder**. Congratulations, Ed!

**George Savapoulas** entered a group of *Cichlasoma bimaculatum*, the Black acara. Finally, **Karen Haas** brought in a cichlid from the Congo, *Lamprologus tigripictilis*.

Keep those entries coming!

Paul Nitzsche

BAP Chairman
