

BAP Report

Three NJAS members brought auction BAP entries to the July club auction.

Leading the way with four species was veteran George Savapoulas. His entries included the African cichlid *Nanochromis transvestitus* and the anabantoid *Betta mahachaiensis*.

PA's Tom Gillooly submitted the livebearer *Limia perugiae*.

Last but not least, our newest BAP member Michael Lee entered the Red tail goodeid, *Xenotaca eiseni*.
